

InstaLay

High Performance Peel & Stick Acoustic Underlays

Unique to the global market, the **InstaLay** system (patent pending) is a new range of high performance underlays for the flooring market that incorporate an innovative Peel & Stick system. By significantly reducing the need for glue or nails, the **InstaLay** system revolutionises the way wood floors are fitted by significantly reducing labour times to enable rapid quality installations without mess or delays.

The **InstaLay** system has the benefit of being supported internally by recycled vulcanized rubber crumb granules, unlike traditional air filled textile, foam and plastic underlays. The advantages are that when **InstaLay** is compressed the rubber granules provide excellent cushioning performance, but when the pressure is released these granules immediately return to their original shape. In addition, they are durable, hygienic, will not degrade over time and have excellent acoustic properties.

InstaFloor has now formed a partnership with CF Anderson / Smith & Fong who are incorporating InstaLay within two of their high quality bamboo floor systems, BambooQuiet and BambooFit. This has created exceptional flooring solutions that provide enhanced acoustic performance and greatly speed up installation times, saving both time and money.

bambooQuiet™

BambooQuiet, supported by InstaLay 30hg, provides a high acoustic performance of:

BS EN ISO 140-8:1998

23dB Δ L_w

ASTM - E492-09

IIC 55

bambooFIT™

BambooFit, supported by InstaLay 50hg, provides a high acoustic performance of:

BS EN ISO 140-8:1998

26dB Δ L_w

ASTM - E492-09

IIC 58

In addition, BambooFit delivers a resilient floor system suitable for dance floors and yoga / fitness studios.

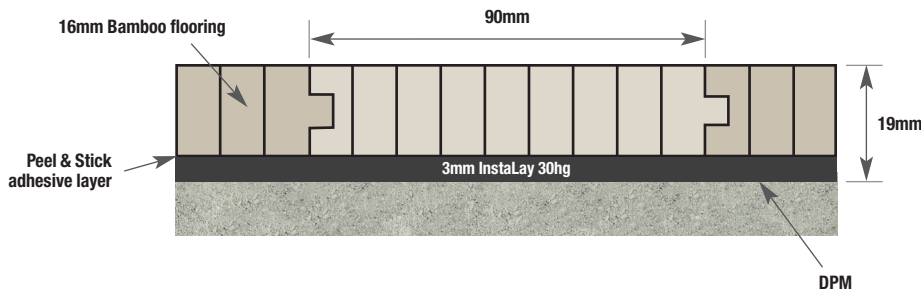

InstaLay

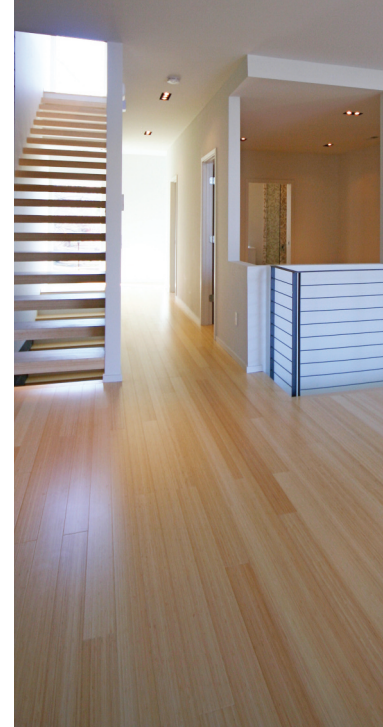

bambooQuiet™

FSC Certified - FloorScore Certified - Zero Added Formaldehyde

- Impact absorbing 3mm padding – InstaLay 30hg
- L.E.E.D. Contributions: MR4, MR6, MR7, IEQ4
- Average hardness greater than maple
- Greater dimensional stability than maple
- Precision milling, fit and flush
- 1830 lengths
- 25 year warranty
- Soybond, formaldehyde-free, manufacture

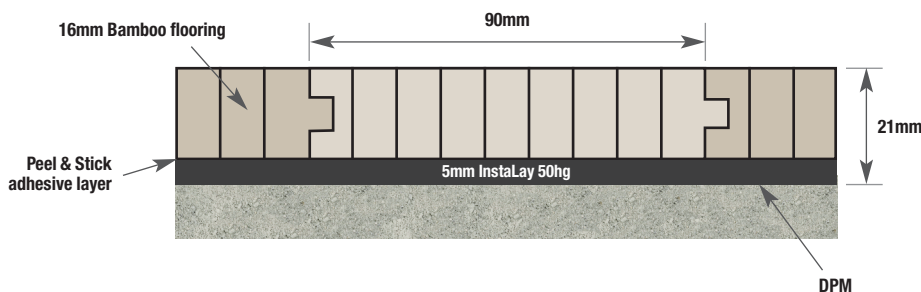

Also available – 14mm BambooQuiet Strand (17mm overall) and 10mm BambooQuiet Strand (13mm overall)

bambooFIT™

FSC Certified - FloorScore Certified - Zero Added Formaldehyde

- Noise reduction 5mm padding – InstaLay 50hg
- L.E.E.D. Contributions: MR4, MR6, MR7, IEQ4
- Average hardness greater than maple
- Greater dimensional stability than maple
- Precision milling, fit and flush
- 1830 lengths
- 25 year warranty
- Soybond, formaldehyde-free, manufacture

Also available – 14mm BambooFit Strand (19mm overall) and 10mm BambooFit Strand (15mm overall)
